Jetcol OS

Solvent AND Oil-Based Dye Sublimation Paper

Product Information Bulletin

Product Description:

Jetcol OS is an oil AND solvent based dye sublimation transfer paper specifically designed to be used for both applications. It is the first dedicated paper in this market segment to cover both applications with one paper.

Product Benefits:

- Substance 125 g/m²
- High Speed Printing is Possible
- Excellent Print Quality
- High Transfer Yield offering Wide Color Gamut
- No Strike-Through of Ink
- Non-Cockling
- Easy Handling and Threading

Product Applications:

Jetcol OS is a oil and solvent-based dye sublimation transfer paper used to transfer images onto banners, flags, team apparel, swimsuits, tradeshow displays and graphics, water and snow skis, snow boards, wake boards, skate boards and

more. It provides excellent print quality with no cockling and no strike-through of ink as high speeds. Use it for BOTH oil and solvent-based inks.
